10th June 2013

To Ash Gurney,

Thank you for assisting us in our Creating Conversations evening as our drug and alcohol expert and for providing the Alcocups showbags. Your presence on the evening throughout the activities, in particular the question panel provided both Yea High School staff and parents the tools to discuss drugs and alcohol and their effects with our students and their children.

Your experience and expertise in the field of drugs and alcohol is excellent and enabled us to deliver the program to a high standard. We have included some parent feedback from the evaluation sheets provided;

- "Great program!!"
- "Gives us reason to bring up the topic at home".
- "Thanks for the opportunity to open up pathways to conversation with young people and importance in doing so as role models".
- "It has given me a boost in confidence".
- "Good representation from the panel".
- "Clear and concise panel".
- "Great to hear".
- "Students were obviously interested and it showed that they have taken the subject seriously. Keep going!" (Sn. Sgt Simon Easton, Yea Police).
- "Great to connect parents and students. Excellent experts" (John O'Meara, Yea High School Principal).

We hope to utilise your expertise for future events at Yea High School.

Kind regards,

James Walsh

Sally Nott

Fiona Plant

PE/Health teachers Yea High School.
